ABOUT ME

I am a Mobile and web developer with 2 years of experience in full-stack software development for both mobile and web platforms. I have a strong background in designing, developing, and maintaining applications using modern technologies such as .NET, ASP.NET, React, HTML, JavaScript, and Android Studio.

On the mobile side, I have worked with Kotlin, Java, React Native, Xamarin, and Swift, while also managing databases like SQL Server, MySQL, and Firebase to ensure efficient data management and scalability.

I am passionate about building innovative and user-friendly applications, constantly improving my skills, and staying up to date with the latest technologies. I am looking for an opportunity to contribute my expertise to a dynamic and growth-oriented team.

SKILLS

- C#.
- ASP .NET
- MVC.
- API REST
- REACT
- SQL SERVER
- FIREBASE
- JAVA
- KOTLIN
- ANDROID STUDIO
- HTML,CSS,JAVA SCRIPT
- SWIFT
- WEB SERVICES

EDUCATION

Don Bosco

Bachelor's Degree in Mobile Application Development
2019 - 2022

Coursera

Front-End Web UI Frameworks and Tools: Bootstrap 4
2023-2023

LANGUAGES

- English(FLUENT)
- Spanish(NATIVE)

REFERENCIAS

- Bryan Rodas / 70263758

WORK HISTORY

Development Analyst

Atento El Salvador. - 2023 to 2025

Worked as a web and mobile developer, creating various applications for customer information management using C#, ASP.NET, MVC, RESTful services (creation and consumption), SQL Server database management, .NET, React, JavaScript, and Redux. I also managed a mobile application for employees to access their monthly payslip, salary certificate, available courses, medical appointments, and internal job opportunities. These applications were developed using Java, Kotlin, Android Studio, Xamarin, Swift, React Native, and included push notification management via Firebase.

- C#
- ASP .NET
- MVC
- API REST
- SQL SERVER
- JAVA SCRIPT
- REDUX
- JAVA
- KOTLIN
- SWIFT
- REACT NATIVE

Internship

Movistar. - 2022 a 2022

I worked in the Development area, specifically in the "Altamira" (Online Rater) department, where I performed online rating for Movistar's telecommunications services. Additionally, I participated in the development of an application that consumed a WSDL service using Java Spring Boot, aimed at improving the availability of Tuxedo services.

- WSDL
- SQL SERVER
- JAVA SPRING BOOT

Social Service Hours

Environmental Health Department - 2022 a 2022

Worked in the IT support area, providing maintenance to work equipment in case of network issues, application errors, or permission problems. I also developed a mobile application with java android studio that functioned as a social network with an internal chat system for all employees, enabling communication with the appropriate departments and sharing important posts.

- Java
- Android Studio
- MYSQL
